Laugh and cry, live and die

Life is a dream we are dreaming

Day by day I find my way

Look for the soul and the meaning

Han Solo followed Leia Organa outside of the Rebel Base. She was running from something, Han just didn't know what. He didn't know why he was trying to get to her, but as much as he didn't want to admit it she had gotten under his skin. He kept following outside on a sandy beaches of Keopt. "Leia" he called out for the first time using her first name, instead of 'Your Worship' or 'Your Highnesses'

—

Then you look at me
And I always see
What I have been searching for
I'm lost as can be
Then you look at me
And I am not lost anymore

She turned around quickly to find the voice. Then she noticed it was Han. She gave him a glare. Her eyes were wet with tears. "What's wrong?" he whispered. "If you don't recall today is the second anniversary that Alderaan was destroyed," she told him.

People run, sun to sun
Caught in their lives ever flowing
Once begun, life goes till it's gone
We have to go where it's going

"And I couldn't stand it. Acting happy, while everyone I who ever cared for me is dead." She sobbed. Han for another first time took her in his arms and held tight, while she cried. "That's not true," he told her softly. "Yes it is," she said through sobs.

Then you look at me
And I always see
What I have been searching for
I'm lost as can be
Then you look at me
And I am not lost anymore

"You still have Winter," he told her. Leia had thanked the force that her childhood companion had not been on the planet when it was destroyed. "And Luke, you know he cares for you deeply," he continued, "And then there's Chewie. You know that furball really

likes you." Han told her and Leia laughed.

—

And you say you see

When you look at me

The reason you love life so

Though lost I have been

I'll find love again

And life just keeps on running

And life just keeps on running

You look at me and life comes from you... from you

"Then you got me," he said softly. After he told her that she stared at him for the longest time. "We have been through a lot together. And in all that time, I have gotten fond of you. You wouldn't believe how hard I have tried not to, but I couldn't help it." She smiled at him and said "I care for you too." He smiled back. "I have to go," she whispered. He just nodded. Then she did something unsuspected, she kissed his cheek, then left.

~Please review, I am really proud of this one. You wouldn't know what a review would mean to me~
